Barnet Partnership for School Improvement

Barnet Partnership for School Improvement (BPSI) Associate Member Offer

BPSI was formed in April 2011 predominantly as a service for primary schools. However, we now have secondary consultants available to schools as well as some elements of our training programme which is relevant to all schools regardless of their phase.

We now offer an Associate Member status that is available to secondary schools in Barnet and all schools (primary and secondary) outside of the borough of Barnet. This offer provides an opportunity to access BPSI consultants and training at a significant discount.

Associate schools can purchase a package of 10, 15 or 20 BPSI hours and they can also purchase extra hours at a reduced rate. Becoming an associate member would provide access to all BPSI consultants.
